

Report on the National Webinar entitled: "National Statistics Day Celebration"

Date: 29th June 2021 at 11:00 A.M.

**Organizer: Department of in collaboration with IQAC Triveni Devi Bhalotia College,
Raniganj.**

The Webinar was conducted on the Google-meet platform and YouTube to celebrate National Statistics Day. The webinar was a huge success among students and faculties. The inaugural speech was delivered by Dr. A. K. Dey which summarized the aims and purpose of the Webinar. The Webinar was inaugurated by an inaugural song by Trina Mazumdar, a 1st-semester student in the English Department. The next speaker was Dr. Padmaja Purkayastha (Pal), an Associate Professor who told about the purpose and significance of the day. The entire situation of the online session was evaluated by an eminent speaker from a foreign Institution. Prof. Bimal Kumar Sinha, Presidential Research Professor, University of Maryland Baltimore County, USA discussed the life and work of eminent statistician Professor C. R. Rao in his speech "Glimpses on the life and work of Professor C.R.Rao". His lucid talk was indeed very appealing to the participants and the question hour was highly interactive where both students and faculties exchanged their views. This webinar reached the ultimate success due to the most interactive and discussive question hour session held by Mr. Molay Kumar Ruidas, Assistant Professor. Last but not the least, we were very thankful to Dr. Arun Mukherjee, Assistant Professor and member of IQAC for giving a warm vote of thanks.

Mr. Molay Kumar Ruidas,

**Assistant Professor,
Department of Statistics.**
