## Detail report of National Seminar on Frontiers in Chemical Sciences organised by Department of Chemistry, T.D.B. College, Raniganj held on April 05-06, 2018

The immense enthusiasm and tireless efforts by the students and young faculty members of the department, resulted into the first ever National Seminar on Frontiers in Chemical Sciences (NSFCS 2018), held on April 05-06, 2018. The event was a great success and the proceedings of the seminar is given below:

### DAY 1 (April 05, 2018)

**Registration:** The first day of the Seminar started with the registration of the participants at 09:00 AM. The registration kits, which consisted of an abstract book, a writing pad, a pen, food coupons, seminar identity card were distributed to all the registered participants. Total number of participants, including UG/PG students, research scholars, academic delegates and faculties from various degree colleges were around one hundred (100).

**Inauguration:** The inaugural programme started from 10:00 AM. The Seminar was inaugurated by Prof. Sadhan Chakraborty, Vice Chancellor, Kazi Najrul University; A. K. Dey, Principal, TDB College; Dr. U. K. Roy, HoD, Department of Chemistry, Kazi Najrul University and Dr. P. K. Das, Convener, NSFCS 2018. The inaugural programme was started with kindling the lamp of knowledge and wisdom by (i) the Prof. Sadhan Chakraborty, Vice Chancellor, Kazi Najrul University. The dignitaries on dais unveiled the abstract book of NSFCS 2018. On behalf of the organizing committee, the convener of the seminar, Dr. P. K. Das, welcomed the gathering to NSFCS 2018. The objective of the seminar was highlighted by the Vice Chancellor and A. K. Dey, Principal, TDB College in his address. They also congratulated the department for organizing the seminar. After that, Dr. P. K. Das, Head of the Department and convener of NSFCS 2018, mentioned the achievements of the department, since its birth. He mentioned that the department is offering 2 years M.Sc. programme in Chemistry since 2016

The convener concluded the inaugural programme by giving vote of thanks. He expressed sincere thanks to all the distinguished speakers, participants, all the sponsors for financial support, TDB College's administration for help, and all the concerned who contributed directly or indirectly for the seminar.

**Technical Session 1:** The session was chaired by Prof. Sankar Chandra Moi from National Institute of Technology Durgapur. He introduced Prof. Goutam Brahmachari [Visva-Bharati (A Central University), Santiniketan] to the audience as the first speaker of the session. He delivered plenary lecture on the topic "Room Temperature-based Catalyst-free Organic Transformations: An Emerging Frontier in Green Chemistry Research". There was a query session after the plenary lecture in which Prof. Brahmachari clarified the doubts of participants. The session was continued with the invited lecture of Dr. Balaram Mukhopadhyay, IISER, Kolkata. He presented his research work on "Excitement with Synthetic Carbohydrate Chemistry". The last speaker of the session was Dr. Sabyasachi Bhunia, Central University of Jharkhand, Ranchi. Dr. Bhunia is one of the young chemists, presented his studies on "Gold  $\alpha$ -Oxo Carbenoids: A Modern Reactive Intermediate for Organic Synthesis". All three speakers were felicitated

Date: .....

by the session chair, Prof. Mol, after their respective lectures with a memento and certificate. The convener felicitated Prof. Mol for successfully chairing the first technical session.

**Technical Session 2:** All participants moved for lunch which was followed by poster session. Total 14 poster were presented in this session. Many of the research works were truly exciting and innovative in nature.

**Technical Session 3:** The second technical session was chaired by Dr.Sabyasachi Bhunia, Central University of Jharkhand, Ranchi. The first plenary lecture of the technical session 3 was delivered by Prof. Sankar Chandra Mol from NIT, Durgapur. He presented his talk on "Designing, Synthesis, Characterization of Pt(II) and Pd(II) based Anticancer Agents: Their Kinetics, Bioactivity and Theoretical Study". The doubts of the audience were answered by Prof. Mol. Dr. Bhunia invited Dr. Raj Bahadur Singh, Central University of Jharkhand, on dais to deliver his talk on "A Stereoselective Route to Tricyclo[5.2.2.0<sup>1,5</sup>] Undecenones, Tricyclo[6.2.2.0<sup>1,6</sup>]Dodecenones, and [n.3.3]Propellanes and Total Synthesis of Coprinol". The second technical session was a nice blend of advanced level inorganic and organic chemistry. All two speakers were felicitated by the session chair, Dr. Bhunia.

## DAY 2 (April 06, 2018)

The second and last day of the seminar started with immense enthusiasm of the participants and organizers.

**Technical Session 5:** The session was chaired by Dr. P.K.Das, convenor of NSFCS 2018. He introduced Asok K. Mukherjee (University of Burdwan) to the audience as the first speaker of the session. He delivered plenary lecture on the topic "Fullerenes: Structural Aspects and Some Inclusion Phenomena".

This session was then comprised of three invited lectures. The details are as below:

Prof. Bhubaneswar Mandal, IIT-Guwahati

Topic: Activation and Functionalization of Organic Molecules using N,N-dibromo-p-toluenesulfonamide

Dr. Paresh Nath Chatterjee, NIT-Meghalaya

Topic: Magnetically Recyclable Pd- $\gamma$ -Fe<sub>2</sub>O<sub>3</sub> Nanocomposite as a Catalyst for Suzuki-Miyaura Cross Coupling reaction in Water

He covered the very basic of nanocatalysis which was a very helpful session for the students and young teachers.

Dr. Sadhucharan Mallick, Indira Gandhi National Tribal University

All three speakers were felicitated by the session chair, Dr. P. K. Das, convener of NSFCS 2018, after their respective lectures with a memento and certificate.

**Technical Session 6:** The last session was the oral presentation by various Young Scientists.

**Valedictory Session:** The distinguished speakers and participants shared their experiences on NSFCS 2018. The participants mentioned how much they are benefited by the seminar. They were overwhelmed by the hospitality of the organizers and shared some fruitful suggestions for future. The convener, Dr. P. K. Das, declared the closure of NSFCS 2018. at the end.

Activity Report of the student awareness program through a  
**Seminar Conducted on "Green Revolution"**

Organized by the PG Department of Zoology

On

16<sup>th</sup> March (Friday), 2018 in the Smart Room at 11.00 am.

The Department of Zoology of Triveni Devi Bhalotia College, Raniganj-713347 had organized a Seminar entitled "**Green Revolution**" for the students of the undergraduate courses. The purpose of the seminar was to enlighten the students towards a sustainable environment and creating a general responsibility towards the environment. The entire theme of the seminar was to instigate a thought process amongst the students towards the betterment of environment. The seminar was successfully conducted in the presence of Dr. Asish kumar Dey, Principal; IQAC Co-ordinator, Convener of Seminar Committee and all the faculty and members of the Department of Zoology. The motivation of the students was immense and the students interacted flamboyantly to make the seminar cum awareness program a huge success.

**Objective:** The primary objective of the seminar was to make students aware about the Biodiversity around and the emerging need to conserve the green around.

**Speaker:** Dr. Angana Ghoshal, Co-ordinator of PG-department of Zoology & Convener of the Seminar Committee, T.D.B College, Raniganj delivered a spirited talk to make the students aware of Biodiversity around and their duties as prominent stakeholders in protecting it in their own niche.

**Outcome:** The main objectives Biodiversity conservation like preservation of the species diversity, sustainable utilization of species and ecosystem and the maintenance of life-supporting systems and essential ecological processes were clearly understood by the students and they responded whole heartedly in the programme.

---

- Name of the program – **A state level workshop on stress management**
- Date – **26<sup>th</sup> April, 2018.**
- Organized by - **Department of Psychology,TDBC**
- Venue – **Triveni Devi Bhalotia College (Seminar Hall)**
  
- **Participant's details** – Delegates included Honorable Vice Chancellor Dr.Sadhan Chakraborty, Dr.Subhrangsu Aditya (Medical Practitioner & Psychotherapist), Sahana Nag (Psychotherapist), Dr. Samar Kumar Mondal (Professor of Philosophy at Jadavpur University) and 12 other counselors from Centre for Counselling Services and Studies in Self-development who helped initiate and conduct the workshop. About **116** students including the students of Department of Psychology participated in the workshop.
  
- **Background** – The age group of graduate students approx. 18 to 22, which span in the later adolescent period. Adolescence is considered as the most tumultuous period of life. Hall (1976) rightly remarked is so complex where the intricacies of adolescence period are more hazardous. The basic characteristics of adolescence in modern times are increased emotional instability, period of unrealism, hero worship, moral dilemma, faster change in the physical and biological system, temporary imbalance of whole endocrine system, tendency to incline towards anti-social behavior, drug and sex abuse and several other unique characteristics. It is widely accepted the adolescent students need counselling support when they face personal, social, familial and educational issues.  
Kaila (2003), in the study on educational and vocational anxiety, and the students face problems such as low self-esteem, difficulties in managing anger and sexuality. Investigators suggested that school counsellors should be appointed on full time basis and need to enlighten on the specific issues for better future of the students.
  
- **Objectives of the program-**
  - Support students' social, emotional, and behavioral health.
  - Provide counselling
  - Promote wellness and social skills, problem solving, anger management, self-regulation and identify academic barriers in learning.
  - Motivate all students to engage in learning.
  
- **Aim of the program-** To help students to solve problems and quarries, help them to make decisions, and stand up for themselves. By this program counsellors wanted to make them experience the best it can be by positive influence and motivation.

- **Outcome-** Above 100 students participated in this program they certified as well for participation. They gave feedback that they want more program like that. Many of the students showed interest in further counselling sessions.
- Some glimpses of the program-

*Honorable Vice Chancellor of KNU , Honorable Principal of TDB College & Participants listening to the presentation, 26.04.2018*

*Delegate Dr.Subhrangsu Aditya (Medical Practitioner & Psychotherapist), presenting a power point presentation to the participants, 26.04.2018*

*Faculty of the department of psychology Ms. Zinnia Roy giving an overview of the program.*

*Huge number of participants including faculty members from other departments enjoying the program.*

*Participants doing activity in the workshop, 26.04.2018*

Sub: Requesting for organizing a Workshop at Trivenidevi Bhalotia College

Respected Sir,  
Trivenidevi Bhalotia College, Raniganj is interested in hosting a workshop on 'stress management' at our college in the month of April 2018. In this regard we would like to inform you the fact that we have already successfully organized a one day workshop on stress management of students on 10th November, 2016 by your Centre and is looking forward to organize the same this time for the students of the new academic session on 26<sup>th</sup> April, Thursday at 10a.m. We would also request you to arrange a similar kind of workshop for our faculty members and non-teaching staff along with the proposed programme further.

We would be highly obliged if you do the needful at your earliest convenience in this regards.

With regards

Yours faithfully,

*A. K. Dey*

Activity Report of the  
**SEMINAR CONDUCTED ON "AWARENESS OF TIGER CONSERVATION"**

Organized by the Post-Graduate Department of Zoology

On

29<sup>th</sup> July (Monday), 2019 in the Smart Room at 11.00 am.

The Department of Zoology of Triveni Devi Bhalotia College, Raniganj-713347 had organized a Seminar entitled "*Awareness of Tiger Conservation*" for the students of the undergraduate courses on 29<sup>th</sup> July (Monday), 2019. July 29, International Tiger Day, aims at spreading awareness about tigers and their conservation to ensure this species survival. The tiger is a unique animal which plays a pivotal role in the health and diversity of an ecosystem. It is a top predator which is at the apex of the food chain and keeps the population of wild ungulates in check, thereby maintaining the balance between herbivores and the vegetation upon which they feed. Tiger is an umbrella species. It's conservation automatically ensures the conservation of a large number of other species of animals and also enables restoration of soil fertility, rainfall pattern and forest density. The seminar successfully made the students aware about the above mentioned importance of Tiger's and the need of their importance in the present scenario. The seminar was successfully conducted in the presence of Dr. Asish kumar Dey, Principal; IQAC Co-ordinator, Convener of Seminar Committee and all the faculty and members of the Department of Zoology. The motivation of the students was immense and the students interacted flamboyantly to make the seminar cum awareness program a huge success.

**Objective:** The primary objective of the seminar was to make students aware about the emerging need to conserve the Tigers and their importance in maintaining the ecological balance.

**Speaker:** Dr. Utpalendu Ghosh, Assistant Professor of PG Department of Zoology, T.D. B. College, Raniganj delivered a spirited talk to make the students aware about the benefits of Tiger conservation in the ecosystem.

**Outcome:** The theme of the seminar was lucidly explained in the seminar and the students understood the role of Tigers as Umbrella species and the importance of conserving them which is utmost essential for maintain the ecological balance.

## Activity Report of the Seminar Organized by The Department of English

Two-Day National seminar on "Re-thinking Literature: Eco-Criticism And Socio-Economic Concerns" sponsored by ICSSR and organized by the Post-Graduate Department of English, Triveni Devi Bhalotia College, Raniganj, Paschim Bardhaman, West Bengal in collaboration with Department of English, Kazi Nazrul Islam Mahavidyalya, Churulia, Paschim Bardhaman, West Bengal from 19<sup>th</sup> December to 20<sup>th</sup> December'19 was scheduled at TDB College. Eminent Professor of IIT Mumbai, novelist and environment activist, Dr. Pankaj Sekhsaia delivered key-note on the occasion, and Prof Dr Anindya Purakayastha, Prof. Ashok Mahapatra, and Dr Pinaki De enlightened the participants with their precious talks. Academics and researchers across the country presented papers, bearing the testimony of their divergent thinking on the topic. We organized the seminar with a view to disseminate the idea of how nature has been captured in the literary domain and renew the bonding of mother earth with literature.

## Activity Report of the International Web-lecture series Organized by The Department of English.

While entire world was reeling under the effect of lock down , the department of English , TDB College did not cease to perform its academic practices , In association with The department of English , Onda Thana Maha vidyalaya , and IQAC , TDB College organized Three- Day International Lecture Series through virtual mode on Post Colonial Literature from 12<sup>th</sup> October to 14<sup>th</sup> October '2020 . Dr. Ashis Kumar Dey , respected principal TDB College delivered welcome speech the occasion . Key - note was given by none other but Bill Ashcroft , the stall worth of Postcolonial theory followed by Prof. Bivash Chaudhury , eminent writer and senior faculty of IIT Guwahati and noted bilingual novelist Kunal Bose . The purpose of the lecture - series was to enhance the understanding of post colonialism from various perspectives .

**Report on the National Webinar entitled: "One day national seminar on current studies of applied mathematics"**

**Date: 28 September 2020 at 11:00 A.M.**

**Organizer: Department of Mathematics in collaboration with IQAC Triveni Devi Bhalotia College, Raniganj.**

The Webinar was conducted on the Google-meet and YouTube live platform. The webinar was a huge success among students and faculties. The inaugural speech was delivered by Dr. A. K. Dey which summarized the aims and purpose of the Webinar. The first resource person of the Webinar was Dr. Sudip Samanta, Assistant Professor, Department of Mathematics, Bankura University, Bankura, India. He delivered a lecture on 'Predicting love life of a couple from love affairs model' of Bio-mathematical modelling. The second eminent resource person of the program was Dr. Subhashis Chatterjee, Professor, Department of Applied Mathematics, ISM, Dhanbad, Jharkhand, India. He delivered a lecture on 'Soft computing techniques: An emerging area of applied mathematics'. And the last resource person of this program was Dr. Snehasis Kundu, Assistant Professor, Department of Mathematics, NIT, Jamshedpur, Jharkand, India. His topic of presentation was 'Fractional derivatives and it's applications in various fields'. Their vivid presentations on the concerned topics were indeed very appealing and inspiring to the students and faculties. Total number of participants were 176. The question hour was highly interactive where both students and faculties which exchanged their views. This webinar reached the ultimate success due to the most interactive and discursive question hour session between experts and participants held by Mr. Partha Mandal, Assistant Professor. The program was ended by Mr. Prabir Sen, Assistant Professor and co-ordinator of Department of Mathematics with vote of thanks.

<https://www.youtube.com/watch?v=ZaE2PptbY-c>

**Objective:** This webinar was conducted on Google meet platform and you-tube to discuss the effect and impact of covid-19 pandemic throughout the world. This webinar got a huge success among the students and the faculties. The inaugural speech was delivered by Dr. A. K. Dey which was a discussion about the overall pandemic situation and its effects on teaching-learning process. This webinar was enriched by the key-note speech of honorable vice-chancellor of Kazi Nazrul University, Prof. Sadhan Chakraborty, which addressed our audience about the bad and good effect of Covid-19 pandemic seen still now. The entire webinar was enlightened by our eminent speakers from different international and national institutions and laboratories.

**Speaker:** On the first day, our first eminent speaker was Dr. Sumedha Roy who had enriched the audience with her effort worth topic "**Panic amidst Pandemic**". The next speaker of the first day was Dr. Rajkumar Koiri who elaborated the details of "**Immune response to viral infection**". Last but not the least our 3<sup>rd</sup> speaker of the first day was Dr. Moumita Samanta whose topic was "**2020: The year of war with Covid-19**". Dr. Samanta took us through the journey of the long period of the pandemic. The 2<sup>nd</sup> day started with the topic "**Immunology of Covid-19**" by Dr. Rupesh Kumar Srivastava. The last speaker was Dr. Animesh Bhattacharya who discussed the topic "**Adjusting to new normal; Flexibility is the key**". Last of all we all are thankful to our IQAC coordinator Dr. Sarbendu Bikash Dhar for his vote of thanks.

**Outcome:** The main objectives about our panic situation was thoroughly discussed and gained a huge response. We came to know about how our immune system responds to viral infection. The students were enlightened about how our immune system reacts to this covid-19 virus. The webinar got a grand success due to the interactive and question hour session.

International Webinar “Confronting the Impact of Covid-19 pandemic”

Date: 26<sup>th</sup> – 27<sup>th</sup> September, 2020

Photoplate 1: Invited Speaker Dr. Sumedha Roy, Post-Doctoral Research scientist, Ghent University, Belgium delivering her talk (26<sup>th</sup> September, 2020)

Photoplate 2: Invited Speaker Dr. Rajkumar Koiri, Assistant Professor, Dr. Hari Singh Gour Central University, Madhya Pradesh delivering his talk (26<sup>th</sup> September, 2020)

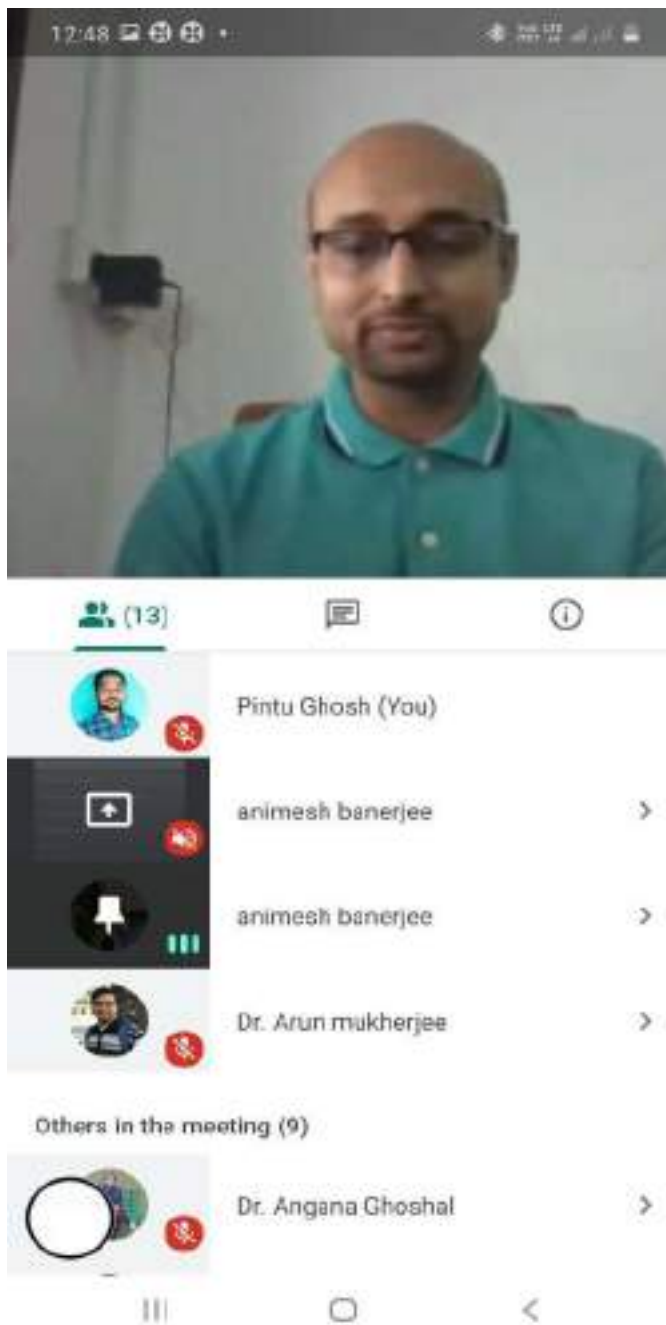

**Photoplate 3: Invited Speaker Dr. Moumita Samanta, Senior Scientist & Team Lead, Dr. Reddy's Laboratories Hyderabad delivering her talk (26<sup>th</sup> September, 2020).**

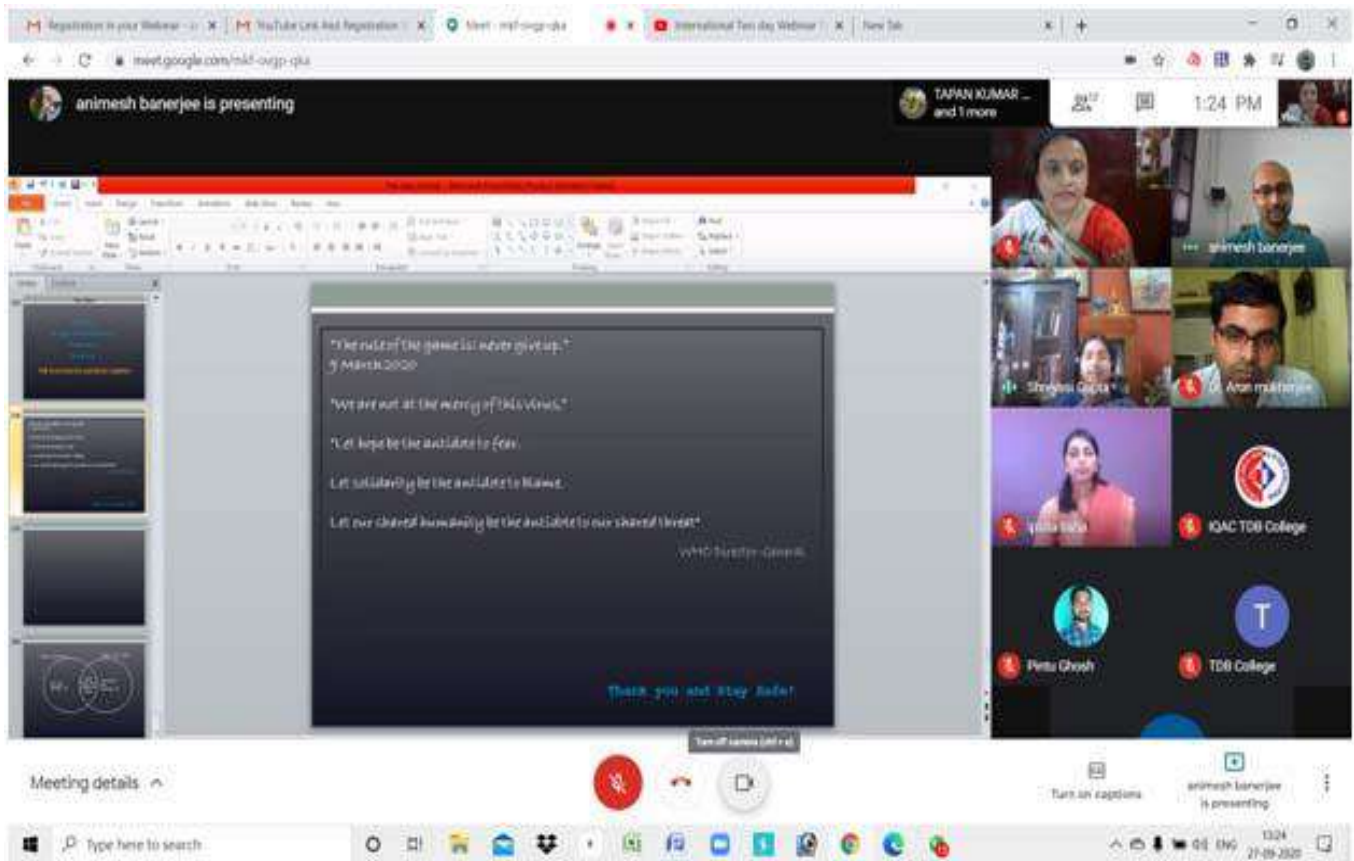

**PICTURES/SCREENSHOTS OF THE WEBINAR TAKEN ON DAY 2 i.e. 27<sup>TH</sup> SEPTEMBER, 2020**

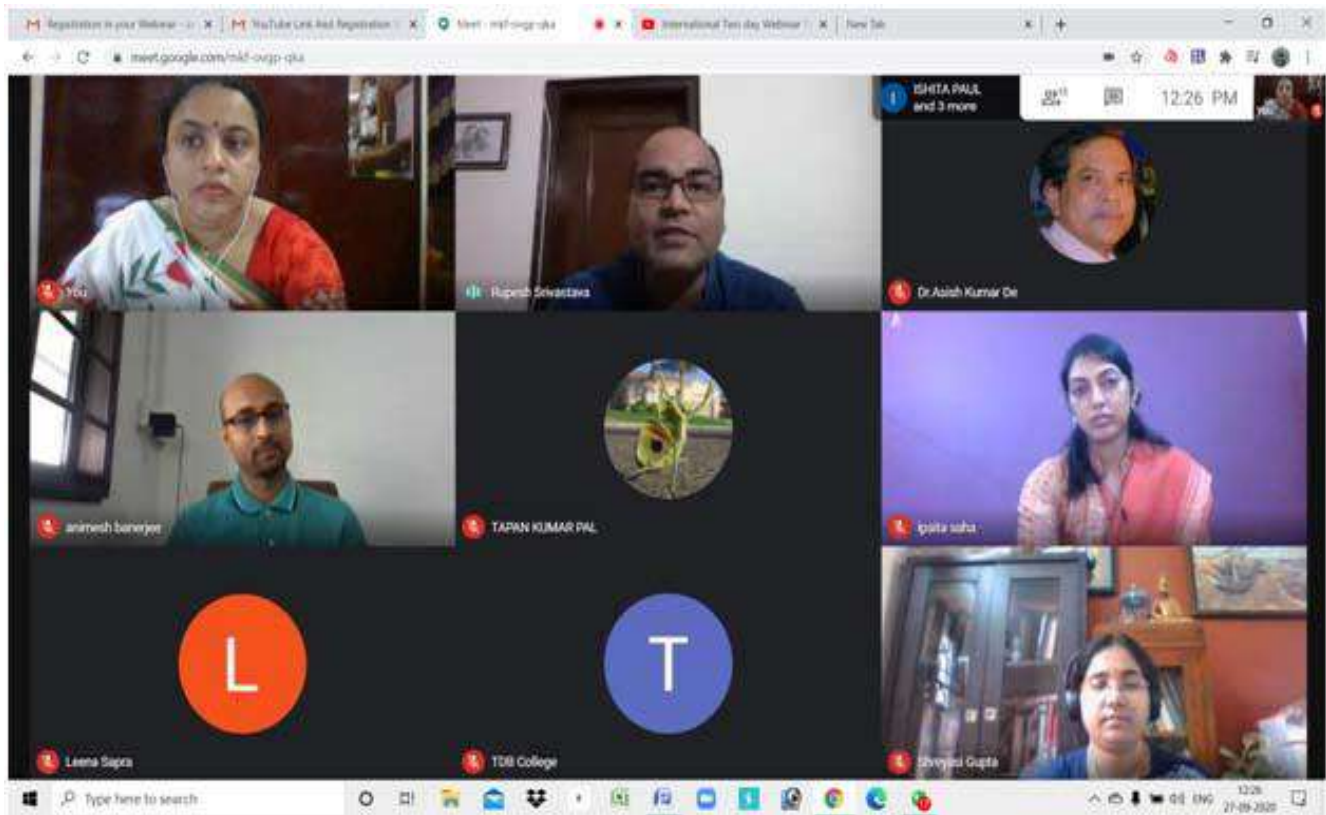

Photoplate 4: Invited Speaker Dr. Animesh Banerjee, Post-doctoral fellow, IMCB, A-STAR, Singapore delivering his talk (27<sup>th</sup> September, 2020)

Photoplate 5: Dr. Animesh Banerjee delivering his talk entitled “Adjusting to the new normal: Flexibility is the key.” (27<sup>th</sup> September, 2020)

Photoplate6: Question hour session of after Dr. Rupesh Srivastava's talk (27<sup>th</sup> September, 2020)

Photoplate 7: Talk of invited speaker Dr. Rupesh Srivastava (27<sup>th</sup> September, 2020)

A screenshot of a Zoom meeting showing a presentation slide. The slide title is "Innate immune regulation of antiviral defense and tissue toxicity". The slide is divided into two parts: "Normal immune homeostasis" on the left and "Acute lung injury" on the right. The diagram shows a cross-section of the lung with various cells and molecules. On the left, a "Virus" is shown entering the lung, and "PAMPs" (Pathogen-Associated Molecular Patterns) are shown binding to receptors on a "Macrophage". This leads to the production of "IL-6" and "IL-1 $\beta$ ", which recruit "Neutrophils" and "CD8<sup>+</sup> T-cells". On the right, "Virally derived DAMPs" (Damage-Associated Molecular Patterns) are shown activating "Macrophages", leading to the production of "IL-6" and "IL-1 $\beta$ ", which recruit "Neutrophils" and "CD8<sup>+</sup> T-cells". This leads to "Fibrosis" and "Collagen" production by "Fibroblasts", resulting in "Acute lung injury". The slide also includes a list of bullet points: 

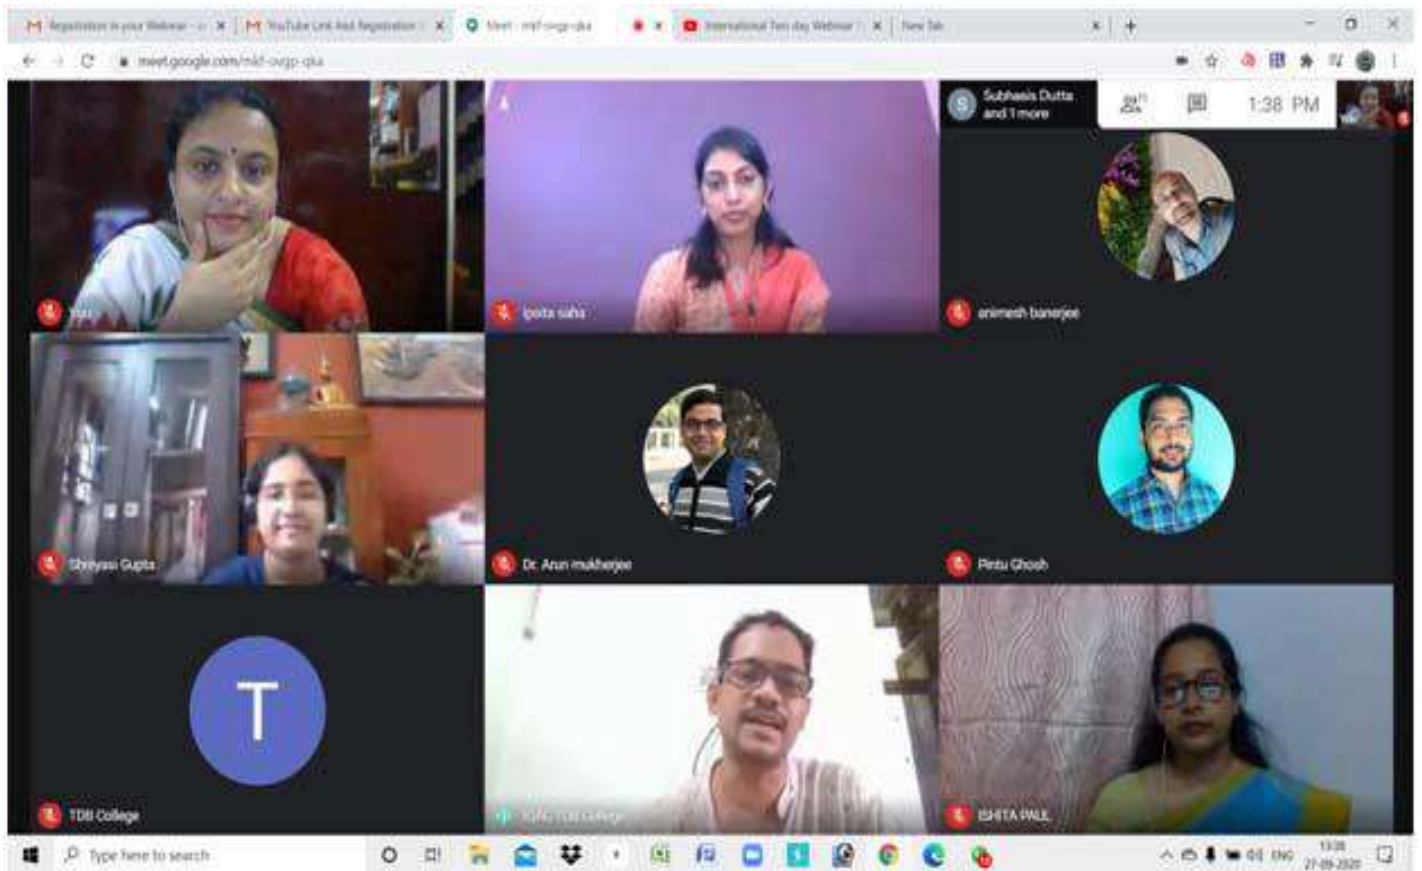

- Virally derived DAMPs and PAMPs activate tissue-resident macrophages.
- Downstream production of IL-6 and IL-1 $\beta$  recruit neutrophils and
- CD8<sup>+</sup> T cells, which control viral growth (left) but also induce tissue damage, leading to alveolar flooding and fibrosis (right).

 The slide is attributed to "Adapted from Verhena & Waincek, JEM, 2020". The Zoom interface at the top shows the meeting title "International Ten day Webinar" and the time "11:58 AM". The bottom of the screen shows the Windows taskbar with various application icons.

Photoplate 8: Talk from honorable Vice Chancellor Prof. Dr. Sadhan Chakraborti (27<sup>th</sup> September, 2020)

Photoplate 9: Vote of Thanks by Dr. Sarbendu Bikash Dhar, IQAC Co-ordinator (27<sup>th</sup> September, 2020)

## **Report on the National Webinar entitled: “Application and Prospects of DataScience”**

**Date: 11<sup>th</sup> September 2020 at 11:00 A.M.**

**Organizer:** Department of Statistics and Career Counseling Cell in collaboration with IQAC Triveni Devi Bhalotia College, Raniganj.

The Webinar was conducted on the Google-meet platform and YouTube to discuss the application and prospection of data science in our country. The webinar was a huge success amongst the students and faculties. The inaugural speech was delivered by Dr. A. K. Dey which summarized the aims and purpose of the Webinar. The Webinar was graced by the Keynote speech of Hon'ble Vice-Chancellor of Kazi Nazrul University Prof. Sadhan Chakraborty, which addressed the current scenario in different statistical and data science aspects. The entire situation of the online session was evaluated by the eminent speakers from different national Institutions as well as top industries of the country. Prof. Bimal Kumar Roy, Chairperson, National Statistical Commission, MOSPI, Govt. of India, discussed the basics aspects of Data Science through his talk entitled “Basics of Data Science”. His lucid talk was indeed very appealing to the participants and the question hour was highly interactive where both students and faculties exchanged their views. Our next speaker was Mr. Abinash Adhikari, Founder and Head of Data Science, Global Stat Academy, who discussed about the detailed process of Data Science which seems like an overview of the importance of Data Science through his talk

entitled “End to End Data Science Process: An overview”. The talk was indeed pertinent to the basic knowledge of Data Science. Our next speaker was Mr. Saikat Mukhopadhyay, Senior Expert, Data Science, Novartis, who told us the uses and who use the Data Science thorough his speech entitled “Who uses Data Science and what for?”. He made us aware of the Data Science features, strategies, and users of this. Our talk of our last speaker of the webinar was very informative as well as interesting with the deliberation of Ms. Srijita Bose, Deputy Manager, Advance Analytics team, Deloitte, on the topic “Application of Data Science- Case Study”. This webinar was reached to the ultimate success due to the most interactive and discussive question hour session. Last but not the least, we were very thankful to Dr. Sarbendu Bikash Dhar, Convenor, IQAC for giving a warm vote of thanks.

### Output Interpretation

		Observed		Total
		Observed	Not Observed	
Predicted	Observed	16(7)	3(1)	19
	Not Observed	9(4)	12(7)	21
Total		25	15	40

**Overall Accuracy:**  
 $(16 + 12)/32 = 0.875$

**Sensitivity:**  
 True positive rate, i.e., TP/Observed Positive  
 $Sensitivity = 16/19 = 0.8421$

**Specificity:**  
 True negative rate, i.e., TN/Observed Negative  
 $Specificity = 12/15 = 0.9233$

**Positive Predictive Value (PPV):**  
 Probability of correct positive prediction  
 $PPV = 16/19 = 0.8421$

**Negative Predictive Value (NPV):**  
 Probability of correct negative prediction  
 $NPV = 12/15 = 0.8$

**Prevalence:**  
 Observed probability of Positive  
 $Prevalence = 19/32 = 0.5938$

The program begins with blessings from the respected principal of the college, Dr. Ashish Kumar Dey. First of all, the Principal greeted and welcomed all the respected speakers whole heartedly, after that, showing the contribution of Hindi in Bengal, introduced all of us to the features of Hindi language. In his statement, the Principal also praised the establishment of Hindi University in the state. He also said in his statement that Hindi language is spoken and understood by most of the people in the state of West Bengal. He also discussed the importance of Hindi in the whole of India. The scholars and mystics who have contributed for

the promotion of Hindi were also discussed by the Principal in his statement. On September 14, the whole world observes World Hindi Day, it was also discussed by the Principal in his statement. In the end, he announced the end of his speech by wishing all of us good luck and wishing the program success. After the conclusion of the concise statement of the principal, a welcome song was presented by the respected professor of the department, Dr. Kiran Lata Dubey. After that the senior respected assistant professor of the department, Dr. Manjula Sharma ji made us all aware of the brief biography and literary introduction of guest speaker Dr. Ranjan Kumar Das. Dr. Ranjan Kumar Das ji told in his statement that how the politicians of the country were seeing the importance of Hindi for freedom. In his statement, he also discussed the speech of Netaji Subhash Chandra Bose in Hindi, Delhi Chalo. He also told that along with the development of Hindi, the development of the country is also linked. He also told in his statement that among the writers and scholars of Bengal, Gurudev Rabindranath Thakur, Saratchandra, Bankim Chandra, Raja Rammohan etc. had accepted the relevance of Hindi with a free heart.

After the succinct statement of Dr. Ranjan Kumar Das, respected assistant Prof. Dr. Jairam Kumar Paswan of Hindi department made us all aware of the brief literary introduction of distinguished speaker Dr. Abhishek Sharma. Dr. Abhishek Sharma ji told in his statement that the first Hindi newspaper Udant Martand used to come out of Bengal only. He also told that Calcutta University is the first university in India where Hindi was first started in post-graduation. In his statement, he also drew our attention to the fact that Hindi is considered to be the most scientific language among all the languages of the world. At the end of the succinct statement of Dr. Abhishek Sharma ji, the respected professor of the department, Dr. Kiran Lata Dubey ji introduced all of us to the literary contribution of the head speaker, Prof Harish Chandra Mishra Prof. Harish Chandra Mishra discussed in detail the scientificity of Hindi and the nationality of Hindi language. In his statement, he said that the contribution of Ramanand Chattopadhyay and Amrit Chakraborty can never be forgotten among the scholars who were bringing out the magazine for the promotion of Hindi in Bengal. He also told in his abstract lecture that the state of Bengal has always been a leading state for the promotion of Hindi. Mrs Reena Tiwari ji, the respected professor of the department, introduced us to the literary contribution of Dr. Amarnath Sharma ji, the former head of the department, who was presiding over this program. The president of the program first introduced us all to the broader nature of nationalism. He also told in his statement that a language is needed to develop the country and that language can only be Hindi. Explaining the importance of Hindi, he also put forward the movement of the Father of the Nation Mahatma Gandhi to spread Hindi. In the end, Dr. Manjula Sharma, the respected senior assistant professor of the department, ended the program with the permission of the principal by giving a vote of thanks. Overall, the program was informative, the relevance of Hindi in the present times and the meaningful steps taken by the people and scholars of Bengal for the promotion of Hindi in Bengal, we can all be familiar with all those activities. The webinar was conducted by Dr. Ganesh Rajak, the convener of this program.

## **Report on the National Webinar entitled- “National Statistics Day Celebration and webinar on Glimpses on the life and work of Professor C.R. Rao”**

**Date: 29<sup>th</sup> June 2021 at 11:00 A.M.**

**Organizer: Department of in collaboration with IQAC Triveni Devi Bhalotia  
College,Raniganj.**

The Webinar was conducted on the Google-meet platform and YouTube to celebrate National Statistics Day. The webinar was a huge success among students and faculties. The inaugural speech was delivered by Dr. A. K. Dey which summarized the aims and purpose of the Webinar. The Webinar was inaugurated by an inaugural song by Trina Mazumdar, a 1<sup>st</sup>-semester student in the English Department. The next speaker was Dr. Padmaja Purkayastha (Pal), an Associate Professor who told about the purpose and significance of the day. The entire situation of the online session was evaluated by an eminent speaker from a foreign Institution. Prof. Bimal Kumar Sinha, Presidential Research Professor, University of Maryland Baltimore County, USA discussed the life and work of eminent statistician Professor C. R. Rao in his speech “**Glimpses on the life and work of Professor C.R. Rao**”. His lucid talk was indeed very appealing to the participants and the question hour was highly interactive where both students and faculties exchanged their views. This webinar reached the ultimate success due to the

most interactive and discussive question hour session held by Mr. Molay Kumar Ruidas, Assistant Professor. Last but not the least, we were very thankful to Dr. Arun Mukherjee, Assistant Professor and member of IQAC for giving a warm vote of thanks.

### Activity Report of the Career Advancement Seminar

Organized by The Dept. of Commerce  
in Collaboration with Internal Quality Assurance Cell (IQAC)  
with the help of Career Counseling Cell  
on 20th August, 2021 Friday at 10.00 am

The Department of Commerce, Triveni Devi Bhalotia College, Raniganj – 713347, West Burdwan has organized a one day CAREER ADVANCEMENT SEMINAR for the Semester 6 outgoing students of the Department. The goal is to make the students aware of the job opportunities in the field of Accounting, Finance and Taxation and to help the students to choose the best course of studies after their graduation. The Seminar was conducted through Google Meet online platform due to lockdown period. The link of the Seminar was - [meet.google.com/ncp-vros-tft](https://meet.google.com/ncp-vros-tft) and the link was shared to the registered students for participation. The Seminar was successfully completed with the help of the respected Principal Sir, Coordinator of the IQAC, Coordinator of the Career Counseling Cell of the College and with the help of all faculty members and lab attendant of the Department of Commerce.

All bonafide students of B.Com. Semester 6 (Honours & Program) were invited to participate in the seminar. Total 68 students have participated in the seminar. The link of the registration form for the students was - <https://forms.gle/8gtj89yPwixcvgl57>

Objectives of the Seminar was –

- To help the students choose the best course of studies after their graduation,
- To make the students aware of the job opportunities in the field of Accounting, Finance and Taxation
