From the **PRINCIPAL's** Desk

Let me wish you all the very best as you take the first few steps towards trying to enrol as a student of TrivenideviBhalotia College. This may, perhaps, be one of the most significant decisions that you will make in your life. This Prospectus has been prepared to help you understand the college better; so take time to read it carefully, before you start your academic sojourn in this institution.

T.D.B College, accredited by NAAC, Bangalore, in the year 2016, endeavours to break the stereotypical notions of education as a mere transaction of structured syllabi, the teaching processes at T.DB College reflect reciprocity between students and teachers. Teachers seek to instil in students a zest for learning. The capacity for original thought and ability to see things from multiple perspectives are fostered. The bond that students and faculty members share is one of the greatest assets of the college. Discussions and activities within and outside the classroom are dynamic, dialogic and collaborative. We need to acknowledge that we have to prepare young minds to face challenges of an emerging knowledge society which is changing with an unprecedented pace. We aim to equip our students to transform these challenges into exciting opportunities. Talents are honed through an amalgam of classroom learning as well as sports games, cultural and other allied activities. This all-round grooming of personalities is the corner stone of education imparted at this college. The emphasis is on a liberating pedagogy that can shatter myths, rescue imagination, develop critical thinking and initiate noble change and promote holistic development of students.

Different post-graduate courses are offered in Urdu, English, Bengali, Hindi, Geography, Zoology and Chemistry along with Under-graduate courses in twenty nine different subjects. It is my proud privilege to proclaim the advent of two under-graduate courses namely Physical Education and Nazrul Geeti. We also provide monetary assistance like Half-freeship and full-freeship to our students who are devoid of financial stability in order to fulfil their aspirations.

Through the teaching-learning process, the students along with their very experienced, committed and dedicated faculty engage with contemporary issues without jettisoning the best of our cultural values and traditions. The contribution of our Non-Teaching Staff, the backbone of the College, is crucial in this endeavour.

We believe even after leaving this institution the students will cherish memoirs of the alma mater and rely on their caring faculty who will remain their friends and mentors for years to come. The quest for excellence continues.....

Dr. Asish Kr. Dey
